“ *Dear Family,*

I went to school with Derek from Elementary all the way through high school. He was so much fun to be around and we had many good times as our little group from Marshall grew up. Please know that I was saddened to hear of his passing and will never forget him. My prayers are with each of you as your loss is great.

“ *I knew Derek since he was 5 years old, and we went to school together through high school. When I saw that he was gone, I could not believe it. He was one of those people that you have known so long, and been through so much together, that you always take solace in the fact that--even if you do not see them frequently-- things are better just because they are in this world.*

Derek always did things with his whole heart, and I am sure that his family was all the richer for this. I wish I could have seen the man he became. I am sure he was a wonderful father.

If there is ever anything I can do, please let me know. Bless you all!
