“ I am so sad to read that Mike has passed away four years ago and I never knew about it. My heart goes out to his family and friends. I knew him for years in college and dated his best friend Joe Pattison. We all lived together at one point in Norman as roommates in the 1970's and had so much fun. I will always remember his black transam that he loved and I even remember his father. The last time I spoke with him was when Joe passed away and I told him I would love to come see him and he said come out anytime and visit. I am so sad that I never made time to do that. He was a very kind spirit, very intelligent and had a great sense of humor. He was nice to everyone he knew and I know that he will always be greatly missed. My condolences to Cassie and the rest of his loved ones.

“ He was the best father in the entire world! I couldn't ask for any better. I was the only one he would take on the roadtrips. And it killed me to see him go, he will forever live in my memories. I love you Daddy and I'll see you again someday. I love you with all my heart and there is nothing in this world that would hold me back to have you come back again I love you :)

“ *My thoughts and prayers are with your family. I was only a patient of "Doc's Pop Shop" for the last few years- but he was always so kind and willing to work me in at moments notice. I will miss his happy disposition and giving spirit. My elderly neighbor lady would often be with me when I stopped in for an adjustment- and Dr. Mike would always include her somehow- with the heating pad or a massage. She will miss him too.*

Sincerely
