“ Our fondest memory of Travis was he and DJ jumping off the roof of our house into the pool trying to throw Melissa and her friend off of their floaties. He had a smile that was so contagious and the way he wore his hat. We love and miss you.

“May God wrap your family into the shelter of his arms and hold you tight. There are no words that can be said to heal a broken heart, just take it one day at a time and lean on each other. I work with Ashley's mother and she has always spoke so highly of Travis and he has been in our office a few times. There is never a good time for parents to loose a child and you shall remain in my prayers.

“ *When You feel Lonely
When a person you love passes away
Look to the night sky on a clear day.
The star that to you, appears to be bright,
Will be your loved one,
Looking upon you during the night.
The lights of heaven are what shows through
As your loved one watches all that you do.
When you feel lonely for the one that you love,
Look to the Heavens in the night sky above.*

“ To the Flud family: I work with Debbie and had the pleasure of meeting Travis when he'd stop by the office with Ashley on several different occasions. I always teased Ashley about how cute he was. Please know that your family is in my prayers and I pray that you all have a peace that passes all understanding.

To Ashley: I want you to know that you are in my prayers. I can't imagine how hard this time must be for you. Remember all the good times you shared and never let them go. When the time comes and you feel alone, remember that God is with you and He will never leave you. Love ya!
